Section 9: Subordination of the Lien to Mortgage. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage, except as to first mortgages recorded after the recording of a Claim of Lien by the Association. lien. However, the sale or transfer of any lot pursuant to mortgage foreclosure, or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

Section 10: Initiation Fees and Fees on Sales of Lots. A fee of \$850.00 shall be paid to the Association by the purchaser of a Lot in the Subdivision, whether such Lot is unimproved or improved, at the time of the closing on the sale and purchase. This payment shall be applied with \$500.00 being used for current cost of operations and expenses and the balance toward reserves for the Association.

Section 11: Reimbursement to Developer. The Association shall repay the Developer for the costs of certain improvements to the Common Areas and/or Lots not otherwise for the completion of the Development. This includes, but is not limited to, irrigations systems, playground equipment, recreational amenities as the Developer may elect, but not be required to, install.

ARCHITECTURAL CONTROL

Section 1: Architectural Control. The Architectural Control Committee (the "Committee") shall set all square footage, construction and design standards for new construction and landscaping completed by parties other than the Declarant. The Committee shall control the use and maintenance of the Lake Maintenance Easement and Tract A through Tract I. The Committee shall prepare and promulgate design and development guidelines. The Committee shall make the guidelines available to owners, their agents, and builders who seek to engage in construction upon all or any portion of the Property, and all such owners and builders shall conduct their operations strictly in accordance with the guidelines. The guidelines shall be those of the Association, and the Committee shall have sole and full authority to prepare and to amend them from time to time. No building, fence, wall, pool, or other structure or improvement shall be commenced, erected or constructed upon any Lot, nor shall any exterior addition to or change or alteration of any existing structure be made unless it is in compliance with the zoning code of Indian River County, Florida, and other applicable regulations affecting the Property and unless and until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same shall have been submitted to and approved in writing by the Architectural Control Committee as to compliance with the guidelines, quality of workmanship and materials, harmony of external design with existing structures, and location in relation to surrounding structures and topography.

The Architectural Review Committee shall be entitled to grant exceptions to any provisions contained in this amended Declaration to the extent that the provisions herein are more restrictive than the terms of the original Declaration. Said exception shall only be available for any property owner who is the owner of a lot in the subdivision as of the date of this Declaration's recording and that said restriction imposes a hardship on said owner. This exception shall not inure to any subsequent owner of a lot nor shall an exception be available to a lot once a home is constructed on said lot. Discretion to grant an exception rests solely with the Committee and granting one party an exception shall not constitute a precedent for another individual.

Section 2: Committee Composition. The Architectural Control Committee shall consist of three (3) persons who shall initially be appointed by the Declarant. The members appointed to the Architectural Control Committee do not need to be Owners. So long as the Declarant owns any Lot or Additional Property which is subject to the terms and provisions of this Declaration and which is offered for sale in the ordinary course of business, the Declarant shall be entitled to appoint all members of the Committee any successor members; provided, however, that the Declarant shall at any time have the right to waive its right to appoint the members of the Committee. The members of the Committee shall be appointed for staggered three (3) year terms, provided, however, the initial members of the Committee appointed by the Declarant shall serve

FIELDSTONE RANCH

so long as Declarant has the right to appoint all members of the Committee. In the event of death, resignation, inability to serve, or other vacancy in office of any members of the Committee, the Declarant shall promptly appoint a successor member of the Committee who shall serve at the pleasure of the Declarant. After the end of the term during which the Declarant may appoint all the members of the Committee, the Board of Directors of the Association shall have the right to appoint the members of the Committee in the manner provided herein and in the By-laws of the Association. The first Committee appointed by the Board of Directors of the Association shall have three (3) members, one with a term of one (1) year, one with a term of two (2) years, and one with a term of three (3) years. Each year thereafter the Board of Directors of the Association shall appoint a new Committee member upon expiration of the term of a then existing Committee member.

Section 3: Committee Procedure. The Architectural Control Committee shall have thirty (30) days following its receipt of full and complete plans and specifications, and any changes or amendments thereto, within which to approve or disapprove the same in writing. The Committee may request additional information reasonably required before the plans and specification shall be deemed full and complete. In the event the same are not approved or disapproved within said thirty (30) day period after the plans and specifications are deemed full and complete, and no suit to enjoin construction pursuant to such plans and specifications has been filed prior to the completion of such construction, then such approval will not be required and will be deemed to have been waived by the Association.

ARTICLE VI

The Association shall procure and keep in force public liability insurance in the name of the Association, for the benefit of Declarant and the Owners, against any liability for personal injury or property damage resulting from any occurrence in or about the Common Area, in an amount not less than ONE MILLION AND NO/100 DOLLARS (\$1,000,000.00) in indemnity against the claim of one or more persons in one (1) accident or event and not less than ONE MILLION AND NO/100 DOLLARS (\$1,000,000.00) for damage to property in one (1) accident or event.

Section 2: Miscellaneous.

All such insurance policies shall 1) provide that they shall not be cancelable by the insurer without first giving at least ten (10) days prior notice in writing to the Association, and 2) contain a waiver of subrogation by the insurer(s) against the Association, the Board of Directors of the Association, and the Owners. Anything contained herein to the contrary notwithstanding, the Association shall maintain such insurance coverage as may be required by the Veterans Administration ("VA"), the Federal Housing Administration ("FHA"), or Federal National Mortgage Association ("FNMA") so long as VA, FHA, or FNMA holds or guarantees a mortgage on or owns any Lot.
